

# Homework list for Math 545, Winter 2008

March 4, 2008

*Here is the list of homework questions that will be due from each section. I will cover a section in class, and then assign that section's homework to be due on a certain day (usually the last day of class during the week). Here is the document where you can see what problems will be due from each section. Keep coming back to this file, as it will be updated frequently the further we progress. Good luck, and ROCK ON!*
