Calculus I, Math 211
Syllabus, Summer 2011

Instructor: Dr.Wenxiang Wang
Office: JB 314
Telephone: 537-5370 **Email:** wwang@csusb.edu
Office hours: MTWT:1:15-2:00pm
or by appointment.

Textbook:

Calculus 9th edition by Larson-Edwards. This is a first course in the single variable calculus sequence: mathematics 211-212-213. The main topics are limits, derivatives and their applications. We will cover chapters 1-3, and section 4.1.

The prerequisite for this course is a satisfactory ELM or Math120.

Homework

Homework will be assigned daily but not collected.

We will discuss homework problems in class. These discussions will be of use to you only if you have at least attempted them beforehand. The test problems will be very much similar to the homework assigned, therefore, going through the homework problems on your own is essential to your success in this class.

Exams:

There will be a comprehensive final exam and two midterms. The midterm will be given on 7/5(Tu) and 7/18(M). The final exam will take place on Monday, 8/1 at 4pm.

Grading:

Course grade will be based on two midterms and the final exam.

Final exam	50%
Midterms	50%

Grading criteria:

90–100%	A
80–89%	B
65–79%	C
50–64%	D

The "+" and "-" will occur at the fringes of the scale.

If you are in need of an accommodation for a disability in order to participate in this class, please let me know ASAP and also contact Services to Students with Disabilities at UH-183, (909)537-5238.
