

ADVANCEMENT TO CANDIDACY, PROJECT, AND GRADUATION

To advance to candidacy you must:

1. Achieve classified status;
2. Submit a formal program of graduate work prepared in consultation with an advisor and approved by the MAT Graduate Committee;
3. Complete at least 15 quarter units and not more than 20 units of applicable work as a graduate student at this university, with a grade point average of at least 3.0 ("B");
4. Gain final approval of the program and of the candidacy itself by the Dean of Graduate Students.

Regarding the project:

The project required for the degree must be approved during the quarter prior to enrollment in Math/Educ 600. We suggest that you initiate discussions about possible project topics about a year before you intend to graduate, since making a decision on your project may be time-consuming.

Requirements to graduate from the program:

1. Advancement to candidacy for the degree;
2. A minimum of 48 quarter units of acceptable graduate level work as specified below in the formal program;
3. No fewer than 32 units completed in residence at this university;
4. Completion of a graduate project: A project proposal must be approved by the MAT Graduate Committee no later than the quarter preceding enrollment in EDUC 600 or MATH 600. The written project satisfies the graduation writing requirement. Successful completion of the project includes an oral presentation of the project to the faculty. Guidelines for submitting a project proposal and for the project itself are available from the offices of the Department of Mathematics and the College of Education;
5. Submission and approval of a student portfolio assessing and documenting academic progress;
6. A grade point average of at least 3.0 ("B") in the core courses as well as an overall grade point average of 3.0 ("B") in the program, with no course grade being less than "B-;"
7. Any additional general requirements not cited above and listed in the CSUSB Bulletin.
